COLLATED SCREWS AND CORROSION PROTECTION

The information provided below has been taken from the New Zealand Timber Design Guide 2007, published by the Timber Industry Federation and edited by Professor A H Buchanan. To purchase a copy of the Timber Design Guide, visit www.nztif.co.nz

Table 4: Collated screw sizes and corrosion protection

		Length (mm)				
6	7.1	zc	zc	zc	zc	
8	8.4			zc, ss	zc, ss	zc, ss

Coating: zc = zinc chromate coated, ss = stainless steel.
