

# INFORMATION SHEET

## STRUCTURAL CONNECTIONS

### SCREWS

#### COLLATED SCREWS AND CORROSION PROTECTION

The information provided below has been taken from the New Zealand Timber Design Guide 2007, published by the Timber Industry Federation and edited by Professor A H Buchanan. To purchase a copy of the Timber Design Guide, visit [www.nztif.co.nz](http://www.nztif.co.nz)

**Table 4: Collated screw sizes and corrosion protection**

Gauge	Dia (mm)	Length (mm)				
		25	30	40	50	57
6	7.1	zc	zc	zc	zc	
8	8.4			zc, ss	zc, ss	zc, ss

Coating: zc = zinc chromate coated, ss = stainless steel.
